STOLEN 27-1-13

Mare Stolen from stable at Burren Animal Rescue on Sunday 27-1-13 between 3.30pm & 4.15pm - A silver car was seen leaving the premises.

The mare is approx 14.2h, has a white blaze down her forehead and 3 white socks (2 front legs & the right back). She is emaciated and heavy in foal, some rainscald present on her back & rump.

It is likely that if in a field this mare is rugged to hide her emaciated body condition. She was seized from land owned by The National Roads Authority beside the Ennis/Limerick motorway near Clarecastle where she had been with 5 other horses only the day before she was stolen.

This mare needs proper care, nutrition & treatment so **please** if you have any information as to her whereabouts contact either Ennis Garda Station on 0656848100 or Sheena on 0871315904 or Frankie Coote, Clare ISPCA Warden on 0876225253.

All information received will be kept 100% confidential
